

TechnipFMC Awarded Offshore Water Handling Project for Woodside

June 6, 2018

LONDON & PARIS & HOUSTON--(BUSINESS WIRE)--Jun. 6, 2018-- TechnipFMC (NYSE: FTI) (PARIS: FTI) has been awarded a contract by Woodside to upgrade the Pluto Platform Offshore for water treatment, located offshore Western Australia.

The contract includes the Engineering, Procurement, Construction, Installation and Commissioning (EPCIC) of the Pluto Water Handling Module. This module, to be installed on the existing Pluto Alpha Gas Production Platform, will consist of facilities for water separation and treatment, together with upgraded power generation units.

Nello Uccelletti, President of TechnipFMC's Onshore/Offshore business, commented: *"We are honored to be entrusted with the execution of this prestigious contract which is a testimonial to our long-term partnership with Woodside and our leadership in the Gas Monetization industry. This award is one of our strategic "early engagement" achievements, based on the optimized design developed by TechnipFMC during the tendering phase."*

The Pluto offshore facility is located approximately 190 kilometers off Karratha, in Western Australia's north-west. The produced gas from the offshore facility is transferred through an existing pipeline to Woodside's Pluto LNG Onshore plant. The production license is held by Woodside (Operator and 90%), Kansai Electric (5%) and Tokyo Gas (5%).

Note: this inbound order was included in the company's first quarter results.

Important Information for Investors and Securityholders

Forward-Looking Statement

This release contains "forward-looking statements" as defined in Section 27A of the United States Securities Act of 1933, as amended, and Section 21E of the United States Securities Exchange Act of 1934, as amended. The words "estimated", "aimed", "scheduled" and similar expressions are intended to identify forward-looking statements, which are generally not historical in nature. Such forward-looking statements involve significant risks, uncertainties and assumptions that could cause actual results to differ materially from our historical experience and our present expectations or projections. Known material factors that could cause our actual results to differ from those in the forward-looking statements include the Company's ability to successfully deliver, and Woodside's acceptance of, the products ordered. For additional information regarding known material factors that could cause actual results to differ from projected results, please see our risk factors set forth in our filings with the United States Securities and Exchange Commission, which include our Registration Statement on Form S-4, Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

We caution you not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. We undertake no obligation to publicly update or revise any of our forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise, except to the extent required by law.
