

## TechnipFMC Completes Share Purchase Agreement with Bpifrance

March 31, 2021

LONDON & PARIS & HOUSTON--(BUSINESS WIRE)--Mar. 31, 2021-- Regulatory News:

TechnipFMC (NYSE: FTI) (PARIS: FTI) today provided an update on the Share Purchase Agreement with Bpifrance Participations SA ("Bpifrance") related to its recent separation into two industry-leading, independent, publicly traded companies – TechnipFMC and Technip Energies.

Bpifrance, a substantial shareholder of TechnipFMC since 2009, has agreed to an investment of \$100 million in Technip Energies, which has been acquired from TechnipFMC's retained stake in Technip Energies. The shares acquired by Bpifrance through this investment are in addition to those received through the dividend distribution made at the time of separation to all shareholders of TechnipFMC. The investment reflects Bpifrance's commitment as a long-term reference shareholder of Technip Energies.

The sale of shares to Bpifrance reduced the Company's ownership in Technip Energies to 82.3 million ordinary shares. TechnipFMC's current stake in the new company was valued at \$1.2 billion as of the market close on March 31, 2021.

Bpifrance had previously provided funding of \$200 million for the purchase of Technip Energies' shares from TechnipFMC. The Company will refund \$100 million to Bpifrance as a result of their revised level of investment. The Company intends to significantly reduce its shareholding in Technip Energies over the next 18 months.

### Important Information for Investors and Securityholders

#### Forward-looking statements

*This release contains "forward-looking statements" as defined in Section 27A of the United States Securities Act of 1933, as amended, and Section 21E of the United States Securities Exchange Act of 1934, as amended. The word "intend" and other similar expressions are intended to identify forward-looking statements, which are generally not historical in nature. Such forward-looking statements involve significant risks, uncertainties and assumptions that could cause actual results to differ materially from our historical experience and our present expectations or projections. For information regarding known material factors that could cause actual results to differ from projected results, please see our risk factors set forth in our filings with the United States Securities and Exchange Commission, which include our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K. We caution you not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. We undertake no obligation to publicly update or revise any of our forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise, except to the extent required by law.*

### About TechnipFMC

TechnipFMC is a leading technology provider to the traditional and new energy industries, delivering fully integrated projects, products, and services.

With our proprietary technologies and comprehensive solutions, we are transforming our clients' project economics, helping them unlock new possibilities to develop energy resources while reducing carbon intensity and supporting their energy transition ambitions.

Organized in two business segments – Subsea and Surface Technologies – we will continue to advance the industry with our pioneering integrated ecosystems (such as iEPCI™, iFEED™ and iComplete™), technology leadership and digital innovation.

Each of our approximately 20,000 employees is driven by a commitment to our clients' success, and a culture of strong execution, purposeful innovation, and challenging industry conventions.
